EQ® Series Soap Dispenser

Touchless hygiene for any public restroom

The EQ® Series Soap Dispenser

Dependable, touchless convenience. **Unmatched performance.**

Our popular EQ® Series of contemporary restroom faucets now offers a matching soap dispenser. Just like the faucets, the EQ® soap dispenser features all-metal construction and easy installation. Choose AC or battery-powered models that dispense foam or liquid soap. Upgrade any restroom and offer visitors dependable touchless hygiene at an affordable price.

Power Options

AC 
Plug-In

DC 
4 'D' Batteries

Safe, Convenient Operation

A built-in sensor automatically dispenses a pre-measured amount of foam or liquid soap – no touching or adjustment required. Hands-free operation means improved hygiene and a cleaner, more convenient restroom.
