

The 420 Series

Single Control Faucet

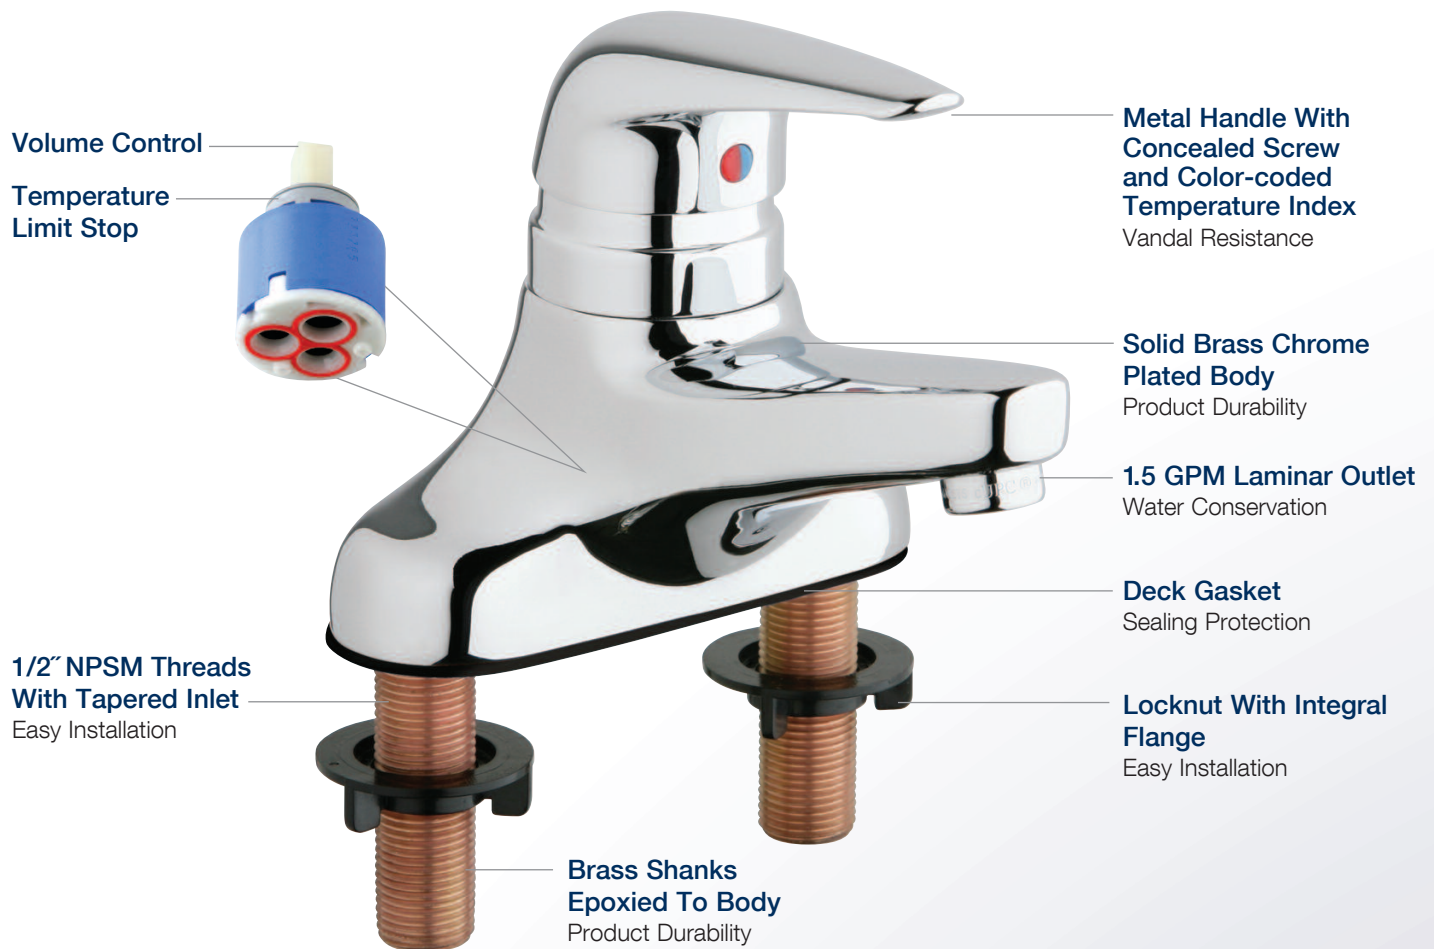

An Economical Option for Lavatory Installations

Chicago Faucets brings you an affordable option for commercial lavatory installations. The 420 Series combines the durability of solid brass construction with the dependability of a time tested ceramic mixing valve. Easy to install and just as easy to maintain, it is a great addition to any commercial lavatory project.

- Polished chrome plated finish
- Solid brass body construction
- 4-5/8" C-C Integral spout
- 1.5 GPM laminar flow outlet
- Metal lever handle
- Ceramic mixing cartridge
- Temperature limit stop
- Volume control

The 420-CP complies with ADA ANSI/ICC A117.1 and is tested and certified to industry standards: ASME A112.18.1, NSF 61, Sec. 9 and CSA B125.1. ECAST® models, manufactured with less than 0.25% total lead content by weighted average, are available to meet the latest lead-reduction requirements.
