

Single Control Faucets

Commercial Quality for Everyday Lavatory and Kitchen Applications.

The solid brass, hand-crafted quality of our products has made Chicago Faucets the preferred choice in the finest universities, hospitals, and corporate campuses around the country. With our 420 and 430 Series faucets, you can bring that same level of quality to everyday applications – physician offices, retail stores, restaurants, offices, and more.

The 420 Series. A durable and affordable option for commercial lavatory installations, the 420 Series combines the durability of solid brass construction with the dependability of a time tested ceramic mixing valve. The 420 Series features:

- Solid brass body, including ECAST® low-lead models, for durability
- 4-5/8" C-C integral spout with three water conserving outlet options
- Ceramic mixing cartridge for dependable performance
- Temperature limit stop for added safety
- Available with pop-up drain assembly
- CALGreen compliant models available

A Durable and Affordable Option for Lavatory Installations

Unmatched Durability
Solid brass, chrome-plated body

Superior Leak Prevention
Sturdy gasket installs easily and seals tight to the deck

Superior Performance
Long-lasting brass shanks are epoxied to the faucet at the factory

Vandal Resistance
Temperature-indexed metal handle with concealed screw prevents tampering

Meet Any Application
Outlets available with .35 GPM to 1.5 GPM flow rates, laminar or spray, and vandal-resistant or standard connection

Fast, Easy Installation
Locknut with integral flange attaches quickly to pre-installed shanks; tapered inlet features standard 1/2" NPSM threads

The 430 Series. Chicago Faucets brings commercial quality to the everyday kitchen sink with the new 430 Series. Available for single hole and 8" centers installation, the 430 Series features durable, solid brass construction and a trouble-free ceramic mixing valve. The all metal, vandal resistant handle combines convenience with long-lasting durability.

Easy to install and just as easy to maintain, it is a great addition to any kitchen sink area. The 430 delivers the quality you expect from Chicago Faucets with features that include:

- Solid ECAST® brass body construction for durability
- 9-1/2" C-C integral spout with a 1.5 GPM water conserving outlet
- Ceramic mixing cartridge for dependable performance
- Temperature limit stop for added safety
- CALGreen compliant

Solid Brass Quality and Ceramic Cartridge Dependability

Simple Supply Connections
Built-in 3/8" O.D. copper supply tubes connect easily to standard supply lines

ECAST®

CALGreen

The 430 Series

	ECAST® Models	
	430-ABCP	Single Lever Kitchen Faucet, 1.5 GPM Outlet, CALGreen Compliant
	431-ABCP	Single Lever Kitchen Faucet with 8" Cover Plate, 1.5 GPM Outlet, CALGreen Compliant

ECAST®

ECAST, from Chicago Faucets, is the line of durable, high-quality brass faucets and fixtures that are designed and manufactured with one quarter of one percent (0.25%) or less total lead content by weighted average. Available on certain models. Refer to chicagofaucets.com for the most current information.
