COMPLIANT™

We've been right here since 1901.

With over 200 employees dedicated to making the finest faucets in the world.

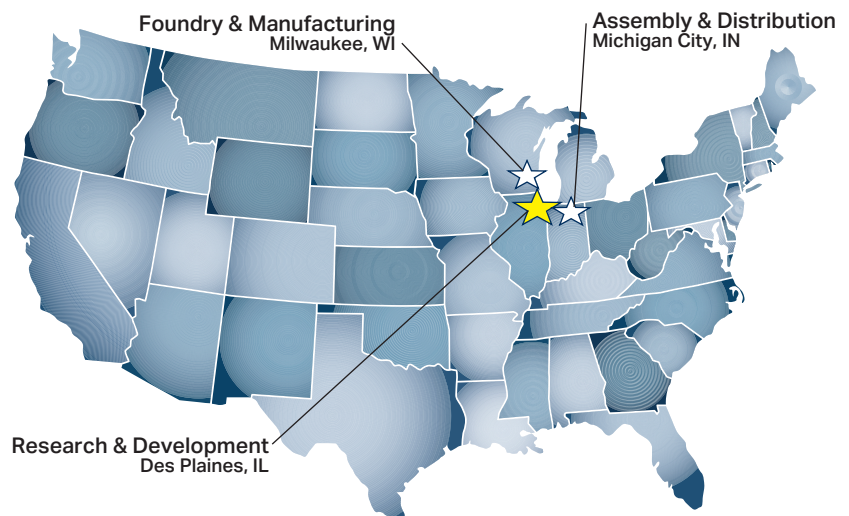

It's cool to be made in America again, but we've always understood its importance. According to a recent Consumer Reports survey, almost 8 in 10 Americans say they would rather buy an American-made product than an imported one. And more than 60 percent say they're even willing to pay more for it. Buying products manufactured and assembled in America helps ensure quality and safety while supporting American workers.

It's one of the main reasons why Chicago Faucets has been America's leading manufacturer of commercial faucets for over 120 years. With manufacturing, research, and development located in the United States, we can consistently deliver the highest quality products – handcrafted by the most dedicated and experienced employees in the country.

To learn more about our company, visit chicagofaucets.com.

- The majority of Chicago Faucets products are manufactured or assembled in the United States and meet the requirements of the **Buy American Act**
- All of our products are engineered **specifically for U.S.** commercial applications at our headquarters in Illinois
- Our foundry in **Wisconsin** provides nearly all of the castings used for our products, as well as injected-molded plastic components
- Our **Indiana** facility assembles and ships the vast majority of our finished goods; they also manufacture our popular Quaturn™ and MVP™ cartridges
- We continue to support our installed base of products, providing repair parts for products that are **over 100 years old**
- Chicago Faucets is the **highest rated** commercial faucet brand in the United States*

*Chicago Faucets was the highest rated of 9 commercial faucet brands for out-of-the-box performance in a 2023 study conducted by Accountability Information Management.
