The E-Tronic® 80

Clean, contemporary design for public restrooms

TempShield®

Available with integrated ASSE
1070 compliant scald protection**

Contemporary Design with Dependable Touch-Free Convenience

The E-Tronic® 80 offers a new, contemporary design option for commercial restroom applications. With above-deck electronics, including models with integrated scald protection**, the E-Tronic 80 eliminates clutter below the deck to enhance the overall design of the room.

The E-Tronic® 80

Saves Water

Adjustable run time with vandal resistant outlet options from .35 to 1.5 GPM.

Easy to Adjust

Optional Commander™ handheld unit delivers a new level of control from the palm of your hand.

Easy to Install and Service

Electronic components are above-deck for faster installation and easier maintenance.

Versatile Design

Available with user adjustable temperature control plus 4" and 8" cover plates to meet any application.

Added Safety

Available with an integral ASSE 1070 compliant thermostatic protection** to help prevent scalding.

Power Options
