Chicago Faucet Cartridges

Why Chicago Faucets Cartridges?

A cartridge is the heart of any faucet. It regulates the flow of water and is the single most important adjustment that affects overall performance. From time to time these are necessary, but there can be no substitutes for the quality of a Chicago Faucets cartridge.

Chicago Faucets offers the most extensive selection of commercial-grade cartridges in the industry. You get so much more from our genuine Chicago Faucets parts because we put so much more into them. We stand by the highest quality materials backed by over a century of experience.

We offer over 100 cartridge variations that are designed to meet just about any application or unique situation. On the following pages, we’ll introduce you to some of our most popular cartridges: Quaturn™, Ceramic, MVP™, NAIAD™, Slow Compression and Klo-Self™.

With Chicago Faucets Installed, it’s Your Choice

• Most Chicago Faucets cartridges are completely interchangeable
• Many cartridges can be easily rebuilt to a ceramic, a manual faucet to a metering
• Consistent engineering and precise manufacturing make for a perfect fit

The Right Cartridge, Right When You Need It

• Find a cartridge for almost any application or situation - Over 100 cartridges available
• Choose from manual, metering, and self-closing cartridges
• Many cartridges can be easily rebuilt to reduce maintenance costs
• Rely on our national network of channel partners to get you the right cartridge, right when you need it

Unsurpassed Support

• Chicago Faucets cartridges are backed by a 5-year warranty
• Manufacturing and customer service are located in the United States
• Technical support is just a toll-free phone call away at 800/832-8783

Chicago Faucets, a member of the Geberit Group, is the leading brand of commercial faucets and fittings in the United States, offering a complete range of products for schools, laboratories, hospitals, office buildings, food service, airports, and sports facilities. Whatever your requirements may be, Chicago Faucets offers standard and made-to-order products that are designed to meet any commercial application.

We are proud to be a partner with WaterSense®, sponsored by the EPA and designed to protect the future of our nation’s water supply by promoting efficiency and enhancing the market for water efficient products, programs, and practices.

We are a charter sponsor of the Alliance for Water Efficiency, a non-profit organization that is dedicated to the efficient and sustainable use of water. It brings together a diverse range of stakeholders to advocate water efficiency and conservation.

No substitutions for the quality of a Chicago Faucets cartridge.

Unique Cartridges, Unique Features
Beyond just manual and metering, Chicago Faucets cartridges offer a wide array of unique features to meet the needs of your particular application in healthcare, education, food service, or any other commercial location.

While all of our cartridges are easy to replace, some are also easy to rebuild and are ideal for facilities with dedicated maintenance personnel. Some of our cartridges are better for hard water installations; others meet the latest low lead initiatives. We offer cartridges that provide a positive stop and cartridges with a gradual stop, 90° turn or 360° turn.

The list is almost endless. Just be assured that if you’re ready to update or modify an existing faucet, we have a cartridge that will meet your specific needs.

Cartridge Features Overview

Ceramic
Polished performance. Precision ground, high polished ceramic discs housed in a durable brass sleeve for long term, consistent performance.

- Fits almost any Chicago Faucets product
- No parts to replace
- Easily replace entire cartridge
- Color-coded seats indicate hot or cold operation
- 90° turn, Positive stop

Polished performance. Precision ground, high polished ceramic discs housed in a durable brass sleeve for long term, consistent performance.

- Fits almost any Chicago Faucets product
- Self-closing, immediate-off
- Ideal for areas with little or no regular maintenance
- Not affected by water conditions

Model Description
1-099XKJKABNF ECAST, short stem with exposed cap, right hand
1-100XKJKABNF ECAST, short stem with exposed cap, left hand
377-XKRHJKABNF ECAST, long stem with concealed cap, right hand
377-XKLHJKABNF ECAST, long stem with concealed cap, left hand

Ceramic With Integrated Check Valve
Prevent cross-flow. Our XKC cartridges prevent cross-flow by incorporating a check valve directly inside the cartridge.

Model Description
1-099XKCJKABNF ECAST, short stem with exposed cap, right hand
1-100XKCJKABNF ECAST, short stem with exposed cap, left hand

Klo-Self™
Low maintenance performer. Ideal for public rest stops, parks, and campgrounds.

- Fits almost any Chicago Faucets product
- Self-closing, immediate-off
- Ideal for areas with little or no regular maintenance
- Not affected by water conditions

Model Description
825-XJKABNF ECAST, for concealed cap installations
826-XJKABNF ECAST, for exposed cap installations

Heavy duty metal to metal cam design for easy operation
