

EBPS | Emergency Backup Power System

AC power with **continuous battery backup.**

A Safeguard Against Power Outages.

Our AC powered touchless faucets with EBPS provide an integrated backup power system in the event of a power outage.

Hassle-Free Operation

Backup battery lasts 10+ years before needing replacement.

Quick Installation

EBPS plugs into standard AC transformer – no special connection required.

Commercial Quality

Heavy-duty brass spout stands up to daily use.

Easy Service

Shut-off screw stops water flow during routine maintenance.

Intelligence Built In

EBPS Smart Sensor detects AC power loss and automatically switches to battery operation until power is restored.

Upgrade Your HyTronic® or E-Tronic® 40 Faucets With EBPS.

Chicago Faucets offers over 50 options for AC powered faucets with an Emergency Backup Power System. For more information, contact your local sales representative or visit our [website](#) to see all of our EBPS models.
