

**CHICAGO
FAUCETS®**
Geberit Group

HyTronic® Series

The **most durable and dependable** touchless faucet you can buy.

HyTronic® Series

The **Number One** choice for touchless faucets.

In ongoing laboratory testing, HyTronic faucets consistently reach over four million faultless activations. Combined with Chicago Faucets durability, HyTronic delivers more performance for the money than any other faucet available on the market today.

Easy to Service

All components are above-deck for easy access. Perform routine maintenance without shutting off water.

Benchmark for Durability

Heavy duty cast brass construction with a refined polished chrome finish.

Quick, Dependable Performance

Twin-beam infrared system responds quickly, adjusts to environmental changes, and minimizes false activations.

Easy to Install

Free spinning hoses with filters are pre-installed on faucet for easy installation.

Easy to Adjust

Optional Commander™ handheld programming unit maintains and monitors your faucets.

- Five Running Modes
- Hygiene Flush
- Track Usage

Pick a style to match your application.

We offer a choice of five distinct spout styles, including our popular gooseneck spout, to meet your needs.

Innovative Power Options

LTPS

Long Term Power System
Maintenance-free power for 15 years or more.

SSPS

Self Sustaining Power System
Uses flow of water to create and store power.

EBPS

Emergency Backup Power System
Keeps water flowing during power outages.
