Heavy Duty Supply Stops

For Commercial Applications

Designing the Best Stop Valves for over 100 years.

In 1914, Chicago Faucets developed its first stop valve – the A-1200. Over the years, we expanded our stop valve offering with a line of cast brass products that matched the unsurpassed quality of our faucets.

The A-1200, circa 1914, our first stop valve.

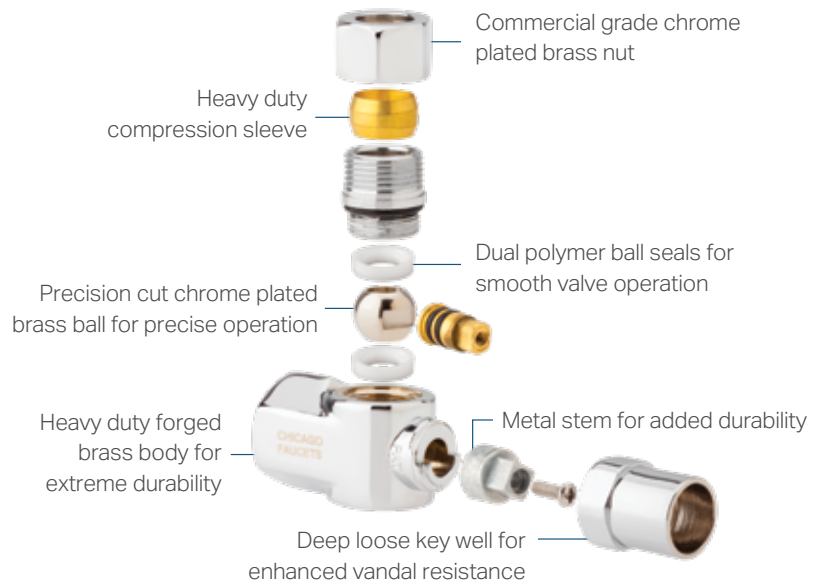

Today, we have expanded our line even further to include a new selection of Heavy Duty Commercial Stops to complement our cast brass faucets and fittings. These stops feature heavy duty forged brass construction and metal parts to retain product integrity for the commercial market at a highly competitive price

Our Heavy Duty Commercial Stops are available with two different valve designs:

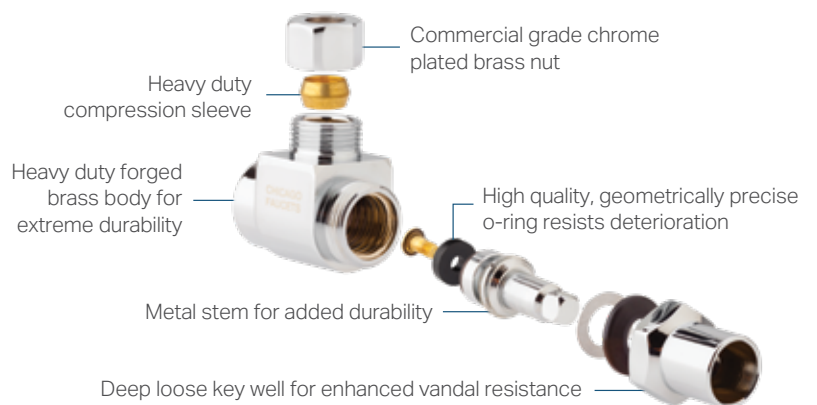

- **1/4-turn ball valve** that provides fast open and close operation with a very reliable, long service life.
- **Multi-turn compression valve** that features fewer parts and can be easily serviced if necessary.

Our Heavy Duty Commercial Stops allow you to offer a new choice for your customers. Now you can install stops specially built for commercial applications, instead of cheap, low-grade stops meant for residential installation.

1/4-Turn Ball Valve

Multi-Turn Compression Valve

1/4-Turn Ball Valve Angle Stops

Compression x Compression

Inlet x Outlet	Riser	Model Number
5/8" O.D. Comp. x 3/8" O.D. Comp.	-	STB-31-00-AB

Single Kits

Inlet x Outlet	Riser	Model Number
5/8" O.D. Comp. x 3/8" O.D. Comp.	12" Bullnose	STB-31-11-AB
5/8" O.D. Comp. x 3/8" O.D. Comp.	20" Bullnose	STB-31-12-AB
5/8" O.D. Comp. x 3/8" O.D. Comp.	20" S.S. Flex Hose	STB-31-13-AB

Dual Kits
