The E-Tronic® 80 Series

Integrated scald protection with contemporary design.

TempShield®

Available with integrated
ASSE 1070 Certified
scald protection.*

The Complete Solution
for safe, touchless convenience.

The E-Tronic® 80 Series

Above-deck electronics and integrated scald protection* help to make the E-Tronic 80 one of the very best touchless faucet solutions for any commercial restroom application.

Pair the faucet with a **matching touchless soap dispenser** for the ultimate in restroom hygiene and convenience.

Available with **built-in ASSE 1070 certified scald protection.**

Built-in scald protection means:

- Faster installation and lower labor costs
- Fewer potential leak points
- Safer installation, every time

The Faucet

Saves water

Adjustable run time with vandal resistant outlet options from .35 to 1.5 GPM.

ASSE 1070 certified scald protection*

Available with integral ASSE 1070 certified protection*. Cuts installation time by 50% and eliminates as many as six leak points.

User convenience

Dual-supply models feature user adjustable temperature control that can be easily converted to concealed control with included vandal resistant cap.

Dependable operation

Multiple field-adjustable modes and detection ranges for optimum performance.

Fast and easy installation

All electronics are above deck for fast installation and easy maintenance. Includes stainless steel hoses.

Easy to adjust

Use the optional Commander™ handheld unit to maintain and monitor your faucets.

- Five running modes
- Hygiene flush
- Track usage
- Multiple field adjustable modes and detection ranges

The Soap Dispenser

Hygienic and flexible

Touchless operation dispenses your choice of foam or liquid soap.

Designed to match

Available in polished chrome and matte black finishes to match the faucet.

Power options

Choose hard-wired AC power or DC battery operation.
