EQ® Arc

The Compact, Turbine-Powered EQ Series Touchless Faucet.

New for 2024!

Compact size. Unmatched performance.

Our popular EQ® Series of contemporary restroom faucets now offers a new compact spout design. At just 4-1/2" high, the EQ® Arc packs quality construction, advanced electronics and power options for more sustainable operation..

Durable construction

Heavy-duty, one-piece solid brass 4-1/2" spout and waterproof electronics provide unsurpassed reliability.

Smart outlet

Integrates electronics module with intuitive response sensor eye, and aerator for clean look and dependable operation.

Easy installation

Flexible, braided hose and electronics cable pre-installed for simple plug-and-play installation.

Compact control box

The heart of every EQ faucet, the EQ control box, houses everything needed for faucet operation including power, solenoid, integrated ASSE 1070 certified mixing valve or single supply mixing valve.

Simple connections

Supply hoses are pre-installed for fast, easy connection to stops.

Options Designed for Sustainability, Safety and Low Maintenance.

Integrated ASSE 1070 certified thermostatic protection.

Maintenance-free power for 15 years or more.

Simply uses the flow of water to create power.
