445-PVBRXKCCP

Architect/Engineer Specification

Chicago Faucets No. 445-PVBRXKCCP, Sink Faucet for hot and cold water, wall-mounted 3-3/8" body with adjustable arms for 3" - 8-3/8" centers. Chrome plated. 7-3/8" rigid spout with 3/4" male hose thread, pail hook, and wall brace. 2-3/8" metal, vandal-proof, lever handles with sixteen-point, tapered broach and secured blue and red index buttons. Ceramic quarter-turn cartridge with integrated check valve, features square, tapered stem. 2-1/2" offset supply arm with integral check and shut-off stop, 1/2" NPT female thread inlet. 2-5/16" diameter slip flange. Spill-resistant pressure vacuum breaker, suitable for continuous pressure applications. Complies with ASSE 1056 and CSA B64.1.2.

Operation and Maintenance

Installation should be in accordance with local plumbing codes. Flush all pipes thoroughly before installation. After installation, remove spout outlet or flow control and flush faucet thoroughly to clear any debris. Care should be taken when cleaning the product. Do not use abrasive cleaners, chemicals or solvents as they can result in surface damage. Use mild soap and warm water for cleaning and protecting the life of Chicago Faucet products. For specific operation and maintenance refer to the installation instructions and repair parts documents that are located at www.chicagofaucets.com.

Chicago Faucets, member of the Geberit Group, is the leading brand of commercial faucets and fittings in the United States, offering a complete range of products for schools, laboratories, hospitals, office buildings, food service, airports and sport facilities. Call 1.800.TECTRUE or 1.847.803.5000 Option 1 for installation or other technical assistance.
